EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims :

In claim 1, line 13, before "average", insert --the--; and

In claim 10, line 4, change "write" to --read--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Independent claim 1 recites a ferroelectric memory device comprising a plurality of memory cells activated simultaneously, and a sense amplifier comparing a reference voltage with an averaged data voltage, which features are not taught by prior art. Moreover, independent claims 5 and 13 each recites a ferroelectric memory device comprising a plurality of cell array blocks activated simultaneously, and a plurality of sense amplifiers comparing reference voltages with averaged data voltages, which features also not taught by prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
